HEALING TESTIMONIES

We would like to include healing testimonies of our recent trip to All Nations Church in England. Here are a few of those testimonies:

Mary-Ann's Testimony

For over ten months I have been feeling pain on the right side of my breast (upper area) close to my arm-pit. It was so painful each time I tried to touch it. So I started to panic and all sorts of things started to go on in my head. I began to pray and refuse breast cancer or tumor whatever it might be.

A few months passed, but the pain was still there, so I decided to book an appointment to see my general practitioner (GP). She did a general test on me but was not able to properly examine me because of the pain and referred me to the hospital for the 3rd of November 2008.

While I had a few weeks left to the 3rd of November, Evangelist Richard Lokken (Voices of Vision) came to England and was ministering in All Nations Revival Centre in Northampton where I fellowship.

During his ministration I came forward and explained the situation to him. He prayed for me on a Saturday the first weekend of the healing service, the following day when I was having my morning devotion I touch my breast and noticed the pain was gone. To God be all honor and glory.

I exercised my faith by coming forward for prayers and believing in the power of God's healing. Just to encourage you, it doesn't matter what the doctors have said just trust God and BELIEVE. That is all he requires from us 'TRUST' Him on His word. **Mary-Ann Ogbeide**

Bob's Testimony

I suffered with pain in my knees for years with arthritis, but one day all that suffering came to an end as the Son of

God reached out and touched this sinner saved by the grace of God. Rev. Richard of Voices of Vision Evangelistic Ministries came to Northampton in late October and preached on the healing power of God and how God desired that we would be made whole, for he is a healing Jesus. Something inside of me began to stir as I listened to the message. It was as if a light came on in my head and I believed that above all else **(3 John 2)** that God wanted me well.

At the end of the message Rev. Lokken prayed for me and although I did not feel any different, something inside of me changed. I sensed that I had been healed. I could not contain myself and I longed to exercise my faith and so I left the church building. When I got outside I began to run. At first the pain in my knees was so horrific that I felt I could not go on. The Lord reminded me of the words of the evangelist when he said that we **(believers)** are not governed by our feelings, but by every word that proceeds out of the mouth of a Holy God! As I continued to run the pain in my right leg left. The pain in my left leg was so excruciating that I just wanted to give up, but that little voice inside me (which I knew to be God) told me to go on and on I went and soon all pain had left my body. The healing had manifested and I am HEALED TODAY!!

I thank God and the Evangelist for being obedient to the Holy Spirit and coming to England. Today I know that God wants us well and the only thing He requires of us is to BELIEVE!! Believe today for your miracle and you WILL receive from God!! **Bob Wilson**

HEALING TESTIMONIES (CON'T)

Jean Barley receives healing from a serious heart condition.

Jean's Testimony

Greetings in the name of our Lord and Saviour Jesus Christ.

I am grateful for the Lord's Divine appointments, as you know I was in Portugal and had no intention of returning to England until January, but I had a frightening angina attack early one morning and decided to return to my home and family. If I was going to die I was going to die in England.

When I arrived back in Northampton I phoned my friend Bob to tell him I was back and he told me about Rev. Richard Lokken's visit to All Nations Church and invited me over; I just knew I had to go. So when Rev. Richard of **Voices of Vision Evangelistic Ministries** called people out for prayer, I stepped out and as he stood in front of me I felt a warmth from the top of my head right down to my feet and I knew the Lord was touching me, I knew I was healed and have felt good and strong ever since. Praise His Holy Name.

Thank you Evangelist Richard for obeying the calling on your life and for coming to England when you did. Please do come again as there are many people to be healed and set free. To God be all Honor and Glory. For without Him we can do nothing!

Jean Barley

Those were just three testimonies of God's healing power during our visit to England. What Jesus did in healing one he will do for all. Maybe you are here today wondering about God's desire to heal you? Wonder no more, for God wants you well! John the disciple of Jesus describes God's will in this way (**3 John 2**), **"I desire above ALL things that you would prosper and be in health even as your soul does prosper."** Still others believe because of the sins of the past God would never heal them today!! This is wrong thinking. James chapter 5 says, **"Is anyone sick let them call for the elders of the church anointing them with oil in the name of the Lord and the prayer of FAITH would save the sick and the Lord would raise him up."** This scripture goes on to say that if the person being prayed for has committed sins they would be forgiven him. See how easy that is. God forgives and heals. **Ask God to heal you today.**

If we have blessed you in any way, please, let us know. We are asking that 100 people would come alongside Voices of Vision Evangelistic Ministries and would commit to a monthly gift of at least \$10.00. Every day we receive cries for help from our brothers and sisters in the Philippines, India and Pakistan. Will you stand with us and help us make a difference?

It goes without saying that the most important thing that you could do for our ministry is PRAY!!! We believe that Jesus is coming back for His bride (that's us) soon and we MUST be about HIS Business!

May the Lord bless you as you follow HIM!!
